

PERSONALIZED MINI RACING HELMETS INFO GUIDE 2022

For personalized mini helmets:

Sports Mini Line offer various Bell Helmets and other helmets brands accurate shapes for 1:2 scale mini helmets.

We need a Master, which is a painted mini helmet or a full-size helmet. This Master will be replicated exactly in the production and is therefore deemed to be correct. If needed, this Master can be produced by the Client's personal painter after Client obtained the white mini helmet from us, or we produce a mini Master ourselves at a cost of 1.110 EUR to 2.960 EUR, depending on the painting and artwork complexity.

Once we receive the Master, we develop a Decal Prototype which Client can approve. Upon approval of the prototype, we start the production.

Accuracy of the Master and/or prototype

In any event, the client is fully responsible for the accuracy of the Master and all relevant files. If Sports Mini Line develops a master, client is responsible for submitting accurate files.

Any work by Sports Mini Line (Master or prototype) is deemed to be correct if identical to the submitted Master or files.

Please note once we start development of the Master or prototype, any modification will be subject to additional charges.

Prices Applicable for the models HP7, HP77, GP7, GP6 and HP10

Prices (per unit of identical designs) – Free Carrier Bahrain

48 - 128 units	140.00 EUR per mini
160 - 256 units	90.00 EUR per mini
288 - 608 units	83.00 EUR per mini
640 - 1.344 units	70.00 EUR per mini
1.408 - 2.944 units	63.00 EUR per mini
3.016 units and up	58.00 EUR per mini

* Kindly note that for all old models a 20% extra charges will be added to the unit price

Prices are quoted for quantities of identical design.

Prices are quoted for mini with standard paintings/artwork.

Prices are for production only; third party commissions need to be added to these prices if applicable.

Prices are valid for production on existing shell models. Modifications to the shell will be subject to additional tooling cost.

Payment Terms

Down payment of 50% is required at the confirmation of the order – balance when goods are ready prior to shipment. The development will only start after the down payment is received.

Lead time: 8-16 weeks after prototype has been approved.

Cancellations

Master: if produced by us and if started, cannot be cancelled and the full price of the master will be charged.

Prototype: Once the development of the prototype is started, any cancellation will result in the cost of the development which is estimated between minimum **3.000 EUR to 6.000 EUR**, depending on the design/colors/films.

Production: if any cancellation occurs after approval of prototype and production has been started, then the cancellation charges will be the development fees of the prototype and the quantity of materials/goods which were engaged for this production.

Incoterms

All prices are quoted Free Carrier Bahrain to the transporter of Client's choice: Client designates a transport/logistics agent in Bahrain, we deliver the goods into the warehouse of Client's agent. All additional charges AFTER this delivery will be billed by Client's transport agent.

For European imports, please note that the Tariff Customs' Code is 95030095.
